

## **PRESS RELEASE**

For immediate release: February 18, 2019

Leslie D'Ascoli has joined CareerCurve, bringing 30 years of extensive experience working with organizations as they undergo transition, reorganization and transformation. She will assume the role of Vice President, Human Resource Partnerships.

Previously, Leslie was with Lee Hecht Harrison, supporting national and global client organizations spanning various industries. An effective communicator who provides strategic counsel and facilitates problem-solving processes with groups and individuals, Leslie has helped client organizations improve retention and the "employability" of transitioning associates.

Leslie's commitment to delivering value aligns with CareerCurve's philosophy. "I believe that integrity and trust ultimately create the reciprocal trust necessary for the success of any partnership," she says. "CareerCurve is a partner dedicated to customer care - generating outstanding service that starts from within the organization and is unwaveringly carried through to its customers at multiple tiers."

Formerly, Leslie operated her own human resource consulting practice. She was a Vice President, Account Manager with Zenger Miller and TMI North America. Leslie began her Human Resource career at PepsiCo, providing generalist and employee relations support to Pepsi's corporate population.

Leslie holds a BA in Communication and an MS in Career Development / Life Counseling, both from the College of New Rochelle in New York.

### **About CareerCurve**

CareerCurve, LLC is a Talent Solutions organization with global service capabilities, providing results-based versus time-based programs in two key areas: career transition/outplacement and development coaching. One of the company's key differentiators is that seasoned coaches stay with program participants until defined goals are achieved. CareerCurve takes a partnered approach where solutions are executed within strong project management and a key account framework. To learn more, please visit [www.careercurve.com](http://www.careercurve.com).
